25X1A *  Comment. It was previously reported that the SCC had  of damaged locomotives. See  203777.
 documentary evidence; 717 state-owned,
 narrow-gauge damaged locomotives were
available in the  July 1951. The statement  25X1A
is believed to be correct, as the current repair of operational
locomotives was made possible only by cannibalizing damaged
locomotives.
